About Page

~~During this interview, I got to get to know my dad a little bit better from these 12 questions that I got to ask of him. He goes by the name of~~ Dustin Todd Archer who was born in Red Oak, Iowa on December 13th, 1970. As he was growing up he was always running around outside, getting dirty and playing with toys. His favorite hobby back then was fishing with his dad Russ. They would spend countless hours fishing on different sandbars up and down the river and in and out of many different creeks. Growing up fast though he sailed by middle school and landed in high school where he made some life long friends and had the times of his life. This is where he met Joanna, had his two loving sons, Mick, and Matthew, and got married. Around 1993 was when Dustin started pursuing Nursing because he didn't know what to do but was ushered into the field by his mother-in-law Katherine. Soon accomplishing many degrees and certifications this would be the start to his long career in the Nursing field. From working as an RN to an ER Nurse to Hospice to Acute Rehab and finally a Director of Nursing at Glenhaven Village in Glenwood, Iowa. Though he still works a lot he is not just about the work he does have baking goods to ease the mind along with sowing and embroidering. Baking is his passion as he loves to challenge himself with it. Also, spreading love through baked treats really warms his heart. A fun way he likes to show himself with his baking is embellishing himself into his pastries sometimes and adding his own unique flare to the designs that being something colorful, funny, lovable or putting his own family crest as a signature. This way you can always say "Oh you know Dusty made this!"
